GOO Crazy Glasses	(6) per school	65 points
Sport Wrist Bands (Assorted)	(6) per school	60 points
Basketball Noise Clappers	(6) per school	55 points

I hope 2008 brings you wonderful blessings. The weather has played havoc with our initial Nothing But Nets program. However, with the new year it is our expectations to save many many lives with out Nothing But Nets program.

We have discovered that it is important to have some prizes immediately available in order to achieve a higher volume of traffic. Each school involved will receive prizes to display on the table near the game. The above items have been paid for by our local sponsors who have financially assisted in backing our Salina Area Nothing But Nets program. Also, it is extremely important to display a sign explaining the points needed for a 30 second score that will win a participant a prize. Also, the top 10 prizes for both the males and females need to be shown to motivate ongoing play. I am enclosing another prize list in the event your initial copy was misplaced.

We are requesting that each school send their Nothing But Nets income in the form of a check made out to: Pop-A-Shot/Nothing But Nets. Upon reception of the check Pop-A-Shot will forward the funds to the Nothing But Nets program via the United Nations Foundation. Wait until Jan, 31<sup>st</sup> to forward the check for funds accumulated to that date. The second check to be sent at the conclusion of your home basketball season.

Thanks again for your dedication in SAVING LIVES with our Nothing But Nets program.

Sincerely,

Ken Cochran  
Director - Salina Area Nothing But Nets Program

**SEND A NET. SAVE LIVES.**
